

PANTHER SENTINEL

Volume XXXIX

Salinas, California, Friday, April 17, 1970

Number 24

TRIO OF PRESIDENTIAL HOPEFULS IN RACE

THOMAS N. ANDERSON

I am running for the office of ASB President because I feel that I am the best qualified person to fill the post. My opponents, I feel, though they are competent commissioners will be inefficient in the post of President. By looking at the record one can easily see who has tried his hardest to represent the students at Hartnell. I feel that my experience and influence will lend weight to the office of the President should I be elected. The important thing is to rid this campus of the apathy toward the way things are run. I hope that

every student who takes the time to read this article will take the time to vote on April 21-22 for the best candidates. May the best men win.

THOMAS N. ANDERSON
Commissioner of Cult. Act.

★ ★ ★
TOM MERRILL

I am a candidate for the office of A.S.B. President. To point out some things, I will first say that I am now serving on the Commission. I have held my present post for this '69-'70 school year.

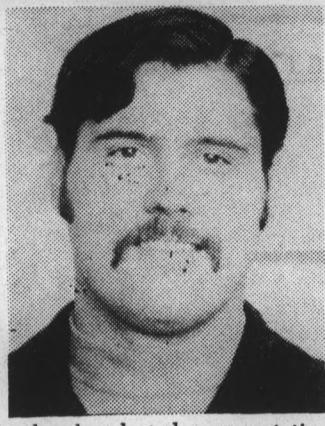

I am well aware of the job and problems that face our present A.S.B. President, Mike Stark, and I am sure I could do a good job in filling his shoes.

I won't make any campaign promises that can or can not be fulfilled, but I will do my best to serve the students if elected. I hope that you all get out and vote in this election, because it is very important to all of us as students.

Thank you for giving me the opportunity to run.

★ ★ ★
JACK TURNIER

The Commission is supposed

to be the elected representatives of the Associated Student Body. It is supposed to be a responsible group elected to handle the affairs of the students. Money entrusted to them this year has been squandered on projects which were badly handled and poorly planned. This year the students have gotten far less for much more. As Student Body President I will head a Commission set up to GIVE TO THE STUDENTS RATHER THAN TAKE FROM THEM. I shall work for the majority of the students yet I promise not to neglect the rights of Hartnell's minority.

ASB Elections; Know the Candidates

April 21 and 22 are the days that the Hartnell Student Body cardholders will vote for the candidates of their choice who will represent them during the coming school year.

The offices and the candidates running for them are:

President: Tom Merrill, Tom Anderson, Jack Turner.

Vice President: Gaines Thomas, Mike Sloan.

Sophomore President: Doug Clark.

Sophomore Representative: Joe Anderson, Steve Moore.

Commissioner of Cultural Activities: Larry Sloan.

Since there are no candidates

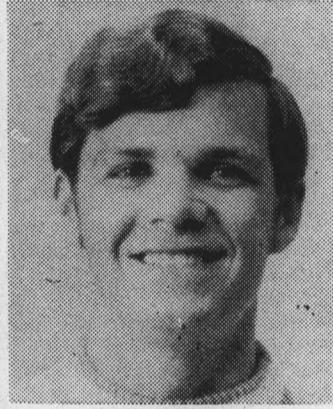

for the offices of Secretary of A.S.B., Commissioner of Rallies and Assemblies and Commissioner of Men's Activities, these offices will be appointed by the present Commission.

During the day there will be two voting booths, one outside the library and one outside the book store. For the benefit of people taking night classes there will be a voting booth inside the student union.

Yesterday at 11 A.M. the candidates introduced themselves and their qualifications to the student body. They were introduced by the outgoing President.

(Continued on Page 3)

Vice Presidency Draws Pair

GAINES THOMAS

I am running for A.S.B. Vice President because I have the experience to be an effective Vice President who is able to bring about the needed reforms to build up the number of activities and clubs on campus, as well as providing effective representation.

This year, all but a few clubs—such as MECHA, the Chinese Club and the Newman Club—died early in the year because funds were not available to help get the clubs and their activities started.

I have been in the process of urging the establishment of a budgeted fund of several thousand dollars to sponsor any club that wishes to put on activities for the student body and the community through the Interclub Council.

If you want active representation and more club activities, as well as other activities, vote for me, Gaines Thomas, for A.S.B. Vice President.

★ ★ ★
MIKE SLOAN

At press time the Panther Sentinel had not received any campaign material from Mike Sloan, who is running for Vice President.

Lone Entrant for Cultural Act.

LARRY SLOAN

I'm running for Commissioner of Cultural Activities.

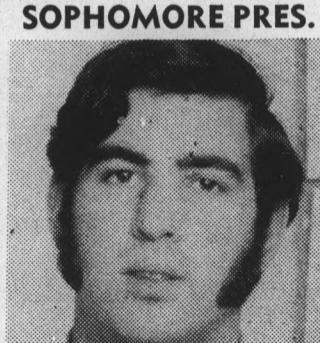

As Commissioner I hope to get the student body more involved by bringing in controversial speakers who can arouse a slumbering campus. Sometimes it is pretty difficult to be involved when we don't really have any way of finding out what is going on around us.

I am new to Hartnell so I have really no preconceived ideas that aren't open to discussion. I hope you will offer ideas to me on what kind of activities you want the most. My job will be to bring you entertainment, perhaps some cul-

tural enlightenment, and to try to stimulate new thinking in these areas.

I hope to continue the art film series and good movies such as we've had the last few months. I think it's quite feasible to continue having big name entertainment next year with better advertising so no money will be lost. I hope to bring on campus speakers of the Caesar Chavez, Rap Brown, Jerry Rubin types, as well as strong speakers for the establishment. It is important to know both sides of an issue to make an intelligent discussion.

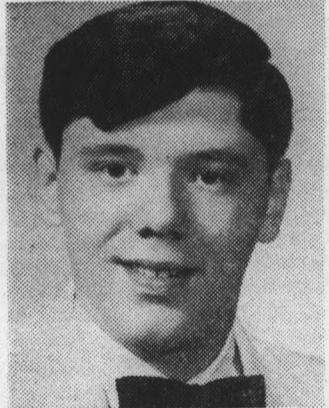

Your help will be greatly appreciated.

DOUG CLARK

(See statement on Page 4)

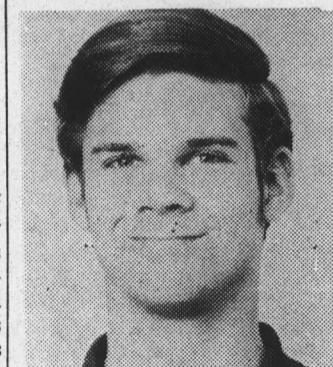

TWO RUN FOR SOPHOMORE REPRESENTATIVE

JOSEPH ANDERSON

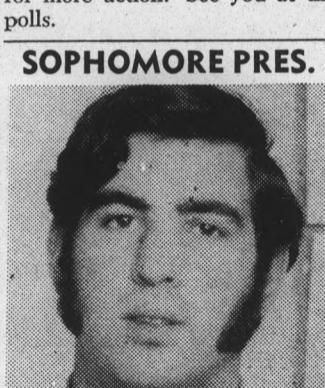

I am running for the office of Sophomore Representative. My reason for seeking this office is due to the noticeable state of deterioration of the present and past sophomore classes because of poor representation. It is quite evident that the present representatives have not served effectively for the best interests of the sophomore class. If

elected, I hope to rectify this terrible situation and to accomplish what this year's representatives have not even attained, much less tried to accomplish. I, also, hope to generate in the sophomore class enough interest and participation in and with Hartnell's activities.

STEVE MOORE

I am here to act not sit and defecate. To sit and defecate is

SOPHOMORE PRES.

Students and Faculty to Join National Earth Day

By R. J. Long

Hartnell College will participate in Earth Day, the nationwide ecological teach-in and moratorium set for Wednesday, April 22. The final arrangements have been made and the schedule of speakers has been announced.

The day's activities will commence at 9 A.M. in the Little Theater where Mr. Jeff Meeks will speak on "Youth Involvement in Conservation."

At 10 A.M. the scene will switch to the Student Lounge

with Dr. James Mattison as the guest speaker. Dr. Mattison, a local physician and active in conservation projects in this area, will speak on "Wildlife Conservation."

The Library will be the location of the 11 o'clock session of the teach-in. The director of the Monterey County Air Pollution Control District, Mr. Ed Munson, will preside and lecture on "Air Pollution." This meeting is expected to draw the largest number of students during the day.

The noon hour is being re-

served for students to discuss the morning speeches and to create more interest among those who have not attended one of the sessions.

You will have a choice of speakers and subjects at both 1 P.M. and 2 P.M.

Mr. Jim Demetry from the Conservation Committee of Venetia Chapter of the Sierra Club, will speak on "Conservation Issues in Monterey County" in the Student Lounge at 1 P.M.

Mr. George Griffin, a repre-

sentative from Zero Population Growth, Los Altos, will lecture on "The Population Explosion." He will be in the Little Theater, also at one o'clock.

The President of the Scientific Institute for Public Information, Dr. Dave Eppel, will be in Room M-12 at two o'clock. Dr. Eppel's topic will be "Marine Pollution."

At the same hour, Mr. Ed de Mars, of the Monterey County Planning Department, will be in the Student Lounge. He will be presenting a talk on "Plan-

ning in the Environment."

All of these men are well qualified to speak on the topics they have chosen. Their purpose is to enlighten the listener to the problems we are facing TODAY, not in the years ahead.

The Garbage Club and the Student Faculty Discussion Group has worked hard to arrange this program. It is their hope that this teach-in will do more than just make people aware of the problems. They hope it will get people involved in the work to overcome the problem.

NEEDLES

by Nichols

Not intending to snoop on anyone, yuk yuk, this writer relied this week on the ALL HEARING EAR which was placed in the student cafeteria. It is truly amazing what was learned. However, you be the judge for yourself:

★ ★ ★

Who said: "Darling, you must introduce me to your wife so I can tell her how we feel about each other?"

★ ★ ★

Who said: "Honestly, you missed the best party ever. The funny part was when.....turned out the lights and.....said: "Turn on the lights, I think I just kissed my sister?"

★ ★ ★

What bus driver found several empty jugs on his bus recently?????

★ ★ ★

Who got a black eye recently using vulgar words in front of two girl students?

EDITOR'S MAILBOX

What can be said? Can we call it apathy?

Is it really true that students here at Hartnell College don't care about what's going on around them? Can this be the answer to why only 85 students voted for the Constitution modifications?

Must we believe that the majority of students here at Hartnell College are immature? Immature to the fact that they remain satisfied in letting the older generation tell them where to go and how to get there? Don't they have any integrity to stand on their own two feet and ask the question: "Is this really good for me, or is it good because someone who is a couple of decades older than I says it is?"

How does this apathy come about? Does it come about because students enjoy remaining in a world of their very own, and having a "so-what", "Who-ever-Cares" attitude? Does apathy come from the fact that Hartnell College is a Junior College and that most students are just satisfied to float along from their classes to the student union and complain about having the most uninformed, incompetent counselor on campus, and leave it as that?

We are supposed to be the leaders of tomorrow. How can we lead if we can't even learn to communicate or unite among ourselves?

Why is the majority of students at Hartnell so apathetic? Is your world only as big and as wide as it is from your classroom to the student union? Are you content with just sitting on the lawn dreaming about the good ole days in high school and how easy it was letting your elders do everything for you?

Or does your apathy as to what is going on here at Hartnell College originate because you're just too busy planning for your own little world?

Well, here's a shocker. The real, everyday world does not evolve around just one person; neither is it a place only as large as your classroom to the student union. A dream world it is not.

People, MECHA implores you to come out of this apathetic existence to support, to give your opinion, or question the requests made by MECHA. Because these requests are being made by MECHA, it is not only to the interest and importance of the MEXICAN-AMERICAN . . . but to you...

—D. J.

BIRTH, DEATH, LIFE

When we are first brought into the world we express our likes and dislikes by emotions. Our likes by smiles or laughter; our dislikes by crying or anger. As we grow older we smile when we are in pleasurable situations and display anger when we are frustrated.

Parents and society deliberately use fear of punishment to enforce their demands and to teach their approved ways of behavior. The punishment may be something physically painful, such as a whipping. More often than not, it is the psychological deprivation of other needs—loss of status, loss of freedom, or loss of social approval.

So society conditions us, through threats of punishment or loss of social approval, that we should not express anger openly.

Thus anger and social approval conflict. Our society and parents, then, give us much cause

to feel anger, but also force us to suppress it. We then repress our anger in sacrifice for social approval and unconsciously stabilize a general aggressive attitude toward society and/or parents. The more we are exposed to these frustrating situations the more anxious we become. We must then find other outlets for expressing our smoldering aggression.

There are many areas to search for new channels of expressing emotions in everyday activity—like association with elders, the opposite sex, or just any social situation. If for any reason your search conflicts with established values, you are ostracized. This leads to more frustration; then one turns to a movement such as the hippie movement where he is accepted, as he is and as he should have been accepted, by society and his parents, in the

first place. Then the established generation comes up with this question: "What is wrong with today's youth?" Meaning, how come the youth don't mature?

In order to attain maturity one must develop new habit patterns as old ones are found unwanted. If an inappropriate set of habits is retained, the individual will become insecure and dissatisfied, and he will need either to build up a system of ideas, attitudes, and responses that will in some way explain his inadequate habits, or else free himself from the intolerable situation.

It is rather clear why the question, "What is wrong with today's youth?" comes up. The established generation's inadequate feelings need to be eased so they use youth as a scapegoat.

I now ask why these hypocrites preach equality, love, and communication. By adult definition, communication is to love and understand; this provides the motivation to make the effort that is necessary for individuals not only to achieve as much closeness as possible, but also to accept the distance that remains between them. Is it too much to expect adults to follow through with their own convictions? An examination of contemporary society indicates that it is too much to expect adult behavior to be consistent with their values and philosophies. Now I ask "What is wrong with today's youth?"

Clark Kent (alias L.C.)

DOCTOR ICONOCLAST SPEAKS

Dear Baffled Girls:

Doctor Iconoclast suggests that if you females are having a rough time communicating with the male population on campus, maybe your methods of relating are severely warped, dominated by social conditioning and outdated.

Iconoclast states that "If a girl wants someone, she should do like anyone else—go out and get him."

Girls are not so special that they can't deviate from the social norms and actually invite a male home for dinner or maybe to another type of social function.

The fellows are very hesitant with their relationships with you females for many diverse reasons. One of the major problems comes under the heading of psychologically starved, for plain old attention and definitely need female companionship. These relationships should be of a more rational nature than the trend of emotional infatuation.

The girl must be honest and be herself, not some fancy-

dressed, social climbing beauty.

Most of the fellows enjoy being with you girls, but after a couple of dates you seem to get an idea of ownership. This many times turns the switch off.

You speak of inability to figure the male out. Well, that inability is reciprocal.

Maybe you women should be a little less concerned about how much make-up you have on and think about some of the more important aspects of the Male — Female relationship.

Doctor Iconoclast requests that you females realize that these relationships are give and take interactions between two individuals enforcing self worth and should be treated as such. This requires a balance of rational and emotional growth. The emphasis should be intrinsic in nature, not extrinsic.

P.S.—Girls, don't wait too long. The phone may never ring. (Remember: Iconoclast says: "For those who search, gains shall be found.")

—Doctor Iconoclast.

BLACK SPOKESMEN MEET AFRO-AMER. CLASS

Students of the Afro-American class offered at Hartnell and taught by Miss Susan Marmon heard two black leaders of the NAACP.

On Monday, Mrs. Celeste Coleman, President of the Salinas Chapter of the NAACP, gave a talk more on the history of the NAACP. It was revealed by Mrs. Coleman that it was first founded in 1897 by black scholars with hopes of giving the black people the opportunity of learning more in the fields of literature, science and art. In the same realm, Mrs. Coleman stated how pleased she was to see and hear that the black students at San Francisco State were learning instead of protesting.

She quoted the Black Student Union president there as saying:

"It is not the Black Studies that will make us equal, but studying and competing on an intellectual level."

Wednesday, the Afro-Am class heard the strong voice of Mr. James Taylor (U.S. Army, Major, Ret.), an instructor in Black

International Week April 20 - 24

Hold your seat everyone! The International Club is "doing their thing" April 20-24. This week will be proclaimed as "International Week" or as "Brotherhood Among All men."

Please join us in absorbing this theme by participating, even though you're not a member or a foreign student. There will be items on display from different countries, in the display window, outside the library. Stop and see some of these treasures. Go to the library next week and you'll be glad you did.

Wait! Don't stop reading now. There's more to hear. Friday, April 24, will be even more interesting and exciting. Each member of the International Club will be wearing his native costume. In addition to this, there will be an International Dinner that night (Friday) from 6-8 p.m. in the cafeteria. Yummy, yummy. And there to wait on you will be beautiful, gorgeous dolls, dressed in their native costumes to tell you about their countries.

Wait! That isn't all. Following the dinner, there will be a dance, from 8-1 a.m., featuring (you'll never believe it!) THE NEW MIRACLES, THE ALBATROSS and THE SIAMESE BAND. Groovy! The dance will take place in the men's gym.

Now that I have told you this much I might as well tell you the prices. It's unbelievable!

Dinner \$1 children, \$1.50 adults. Dance, \$1.50 ASB cards, \$2.00 without.

Remember, guys. The date is Friday, April 24, from 6-8 p.m. for the dinner and from 8-1 a.m. for the dance. Bring your parents, friends, relatives (oh, yes!) your one and only boss—your girlfriend. We'll see you there.

'TARDEADA' SUNDAY

This Sunday the Hartnell M.E.C.H.A. Club will hold a "tardeada" (for non-Chicanos this is a barbecue), at the Sheriff's Posse Grounds. The tardeada will be run from 1 P.M. to 6 P.M. Music will be supplied by a Chicano band, and the dancing will continue from 2:30 to 7 P.M.

You can purchase tickets from any M.E.C.H.A. member between now and Sunday. Tickets will also be available at the Posse Grounds. Donations are: adults, 2.50; A.S.B. card holders, \$2.25; children under 12, \$1.50.

Anybody wishing to volunteer his or her services to help make the tardeada a success (if they cannot contact any of the M.E.C.H.A. Club members) should be at the Posse Grounds at 12:00 Sunday. Come and enjoy the festivities.

From State and Federal

INFORMATION ON COLLEGE ADMITTANCE

California's top advisory body for higher education on April 6 made it clear to the state colleges and the University they should admit all qualified junior college and other upper division transfer students before all other applicants.

A resolution by the Coordinating Council for Higher Education (CCHE) said prospective freshmen and sophomores—even graduate students—should receive a lower admission priority than new junior level students, most of them from junior colleges. The action came on the heels of similar but less forceful recommendations made by CCHE in recent months. The resolution also advised the University and the state colleges to:

1—accept students who live within commuting distances and have a true "hardship", making it impossible to attend more distant campuses.

2—establish a common admissions policy including the same application deadline dates.

3—study the feasibility of providing only upper division instruction in new campuses.

The Council also urged increased state aid to junior colleges. The resolution is not expected to affect matters this fall since application deadlines have passed.

California College students are receiving instruction from some of the best qualified faculty members in the nation. A recently completed faculty profile indicates Community College staff members hold more than 17,000 academic degrees in numerous special degrees.

In addition, most have at least two years of graduate work beyond their degrees. Thus, the student can expect the instructor in a typical course to have at least a master's degree or equivalent, extensive postgraduate work and more than 10 years of classroom or related professional experience.

This profile was derived from a review of qualifications of the more than 11,000 full-time members of this year's teaching and administrative staffs in California's 92 Community Colleges.

ORPORTUNITY PROGRAMS

Assemblyman John Vasconcellos introduced three bills to provide for the effective operation and adequate funding of California's Opportunity Programs:

1—An appropriation of \$1.6 million to allow State College E.O.P. students already in programs to continue their education.

2—A bill to delete the cur-

CHICO STATE VISITOR HERE

Roger Anderson, Director of Admissions and Student Aids at Chico State College will be at Hartnell College on April 27 from 10 a.m. to 12 p.m.

He will talk to interested students and faculty members in Room 5.

rent "nomination procedure."

3—A bill to provide \$16 mil-

lion for the expansion of E.O.P.

programs in California.

E.O.P. has provided hope for thousands of disadvantaged students, and these limited programs have been very successful in serving a relatively small number of students. These programs must now be expanded to meet the educational needs of all our students. A recent study—the Kitano Report—indicated:

1—Despite recent attempts to increase enrollment of minority and/or low income students in all three levels of higher education, the Black and Chicano students remain grossly under-represented in California's higher education institutions. They comprise 18.3% of the population of California, but only 11% of the community college enrollment; 3.8% of the university enrollment and 5.8% of state college enrollment.

2—Of those minority students who are educationally eligible for a four-year college, only about one-fourth actually enroll. Of those who are educationally eligible for the university, less than one-third actually enroll.

Institutions of higher education have traditionally served only the top 10%—15% of our population—in today's world this is intolerable. Our society can not function peacefully if we choose to deny disadvantaged students a full opportunity to pursue their futures, to education. We must not slam the door in the faces of thousands of students looking toward our colleges and universities.

If equal educational opportunities are to be made available to all California's youth, much more money and continued commitment to this purpose are ab-

CAMPUS PLANNING

Edward Rodgers, Community College Facilities Planning Chief, told delegates to the California Association of School

Business Officials that campus planning, to be effective and realistic, must include projections of specific courses, course enrollments, desired class size and even anticipated course schedules. Rogers went on to say that campus planning no longer involves merely building programs and space utilization formulas. He said the campus must become a home for the "spirit of learning" and that planning cannot be done in abstraction.

Three important criteria were listed by Rodgers for determining future facilities requirements and functional relationships:

- 1—the nature and characteristics of the people (both staff and students).
- 2—the objectives of the individual college.
- 3—the nature and characteristics of the future instructional programs and campus activities.

NEW APPOINTMENT

Governor Ronald Reagan announced the appointment of Dr. William L. Cunningham, of Corona Del Mar, and Newton L. Steward, of Eureka, to the Governor's Commission on Educational Reform. They succeed Dr. Conrad Briner, professor and chairman of the Department of Education, Claremont Graduate School, who has resigned, and Tony N. Sierra, president of the school board of the Calexico Unified School District, who has accepted an appointment to the State Board of Education.

RE-APPOINTMENT

Governor Reagan reappointed four members of the Board of Governors of the California Community Colleges to four-year terms, subject to Senate confirmation. The members are:

The Reverend Paul C. Cox, Redondo Beach, Republican; Benjamin N. Scott, San Pedro, Democrat; Charles E. Smoot, Balboa, Republican, and Harold Wolters, Grass Valley, Republican.

KNOW YOUR CANDIDATES

(Continued from Page 1)

dent Mike Stark. Following the speeches, there was a question and answer period.

This writer urges all card carriers (this is not a disease, I don't think) to let their wishes be known by having a heavy turnout at the booths; "heavy" being more than four per cent of the total number of card carriers. This way, the democratic process will again prove that it is the only way to go-o-o-o.

For those students who don't give a damn either way about who is on the Student Commission, and wonder why people bother to run for these offices in the first place—it can't be for the power involved, nor the money, nor the status. I think

the answer to their question lies in the fact that every year one of the leading aspirin manufacturers gives Hartnell free samples, and these samples must be used.

Seriously though, I wish all candidates the best of luck, and as winning has its own reward, to the losers I offer my congratulations.

—R. D.

schools and religion—"schools are jails, religion is in your head," and much, much more.

The \$1 minimum donation does not necessarily ensure your bodily safety, because, according to reliable government reports, Jerry Rubin is suspected of provoking even the gentlest of crowds into a full scale riot. Foretold is forewarned, and this writer now warns any resident of Salinas who is planning to attend this meeting that the result may be permanent damage(?) to his or her mind.

Come, join the conspiracy against death, lay your mind on the line, and experience Jerry Rubin.

—R. D.

TODAY HANCOCK RELAYS; TOMORROW THE CLASSICS

Even with a cold, hard wind and stiff competition, the Panther tracksters managed to win the Allan Hancock Annual Relays. The final point count came to: Hartnell, 88½; Moorpark, 81½, Hancock, 51, Glendale, 44, Ventura, 26, Merced, 26 and Santa Barbara, four.

Sam Albanese, with a leap of 14'7" in the pole vault event and Regan Tully with a nifty toss of the discus of 138'4" were first place point getters.

Stan Wells tossed the discus 131'5" and hurled the shot put 44'4½", for important second place points.

Lauro Diaz's bound of 6'2" in the high jump and triple jump performance of 44'11¾" accounted for two more second place events.

The upset of the whole meet came in the 440 relay event. The Merced team has the lowest recorded time in the State with 42.5. Hartnell's 440 relay team of Jim Washington, Kevin Bailey, Calvin Lee and Tad Roberts showed no respect for past accomplishments by clocking in at 43.2. Merced finished second with a time of 43.4.

The Hartnell 880 and mile relay teams also collected first place points. The 880 relay team composed of Calvin Lee (22.4), Don Crawford (22.6), Kevin Bailey (22.1) and Rex Smith (22.6) united to clock in at 1:29.7.

The mile relay team showed winning quality with Kevin Bailey (50.5), Rex Smith (51.), Ron Stuart (50.0) and Don Crawford (49.8), busting the tape at 3.22.

In the 120 high hurdles, Ed Campbell placed in the first slot with a time of 15.6.

Some of the so-called track experts called Hartnell's win in the Allan Hancock Relays an upset. How about you, what do you think?

The next meet is at home this Saturday. The Panthers host their annual Small College Classic Meet. This always draws some of the toughest track stars from all over the state.

■ JEFF BERRYESSA and DON SHAW, two of Hartnell's distance men, relax after the distance medley event in the Hancock Relays.

Baseballers Chastise Menlo

The Hartnell Panther baseball team kinda just walked over Menlo. The Panthers whipped Menlo Tuesday 13-5 in a conference tilt.

Leading the team in hitting were "Tiny" Ted Lay, Charlie

Gary Shaw's men intend to repeat their winning ways. Why not come out and view some of the guys and give them some psychological support?

HANCOCK RELAY RESULTS

4-Mile Relay—1. Glendale 17:56.1; 2. Moorpark, 18:10.6; 3. Hancock, 18:33.6; 4. Hartnell, 20:05.5 (Bryan Kujala, Leif Johanson, Phil Garcia, and George Cunha).

Distance Medley—1. Moorpark, 10:28.6; 2. Glendale, 10:39.4; 3. Hancock, 10:39.5; 4. Hartnell, 10:46.0 (Ed Campbell: 440—52.8, 880—2:05.3; Bryan Kujala, 1320—3:16.7 Don Shaw and Mile—4:32.0 Jeff Berryessa).

Discus—1. Regan Tully, Hartnell, 138'4"; 2. Stan Wells, Hartnell, 131'5".

Long Jump—1. Hewitt, Merced, 23'3"; 2. Conaway, Moorpark, 22'1½"; 3. Tubb, Moorpark, 22'7½"; 4. Lauro Diaz, Hartnell, 22'1½".

440 Relay—1. Hartnell (Jim Washington, Kev Bailey, Calvin Lee and Tadd Roberts) 43.2.

2-Mile Relay—1. Moorpark, 8:10.4; 2. Glendale, 8:11.4; 3. Hancock, 8:11.5; 4. Ventura, 8:27.0; 5. Hartnell, 8:28.5 (Bryan Kujala, 2:06.9, Phil Garcia, 2:07.6, Leif Johanson, 2:09, Jeff Berryessa, 2:05.6).

High Jump—1. Phelps, Hancock, 6'4"; 2. Lauro Diaz, Hartnell, 6'2"; 3. Conway, Moorpark, 6'2"; 4. Sam Albanese, Hartnell, 6'2".

880-Relay—1. Hartnell 1:29.7 (Cal Lee, 22.4; Don Crawford, 22.6; Kev Bailey, 22.1; Rex Smith, 22.6).

Shot Put—1. Ward, Hancock, 48'6"; 2. Stan Wells, Hartnell, 44'4½".

120-HH—1. Ed Campbell, Hartnell, 15.6.

Pole Vault—1. Sam Albanese, Hartnell, 14'7"; 2. Rock, Glendale, 14'7"; 3. Steve Duncan, Hartnell, 13'1".

Sprint Medley—1. Hancock, 3:32.2; 2. Glendale, 3:34.4; 3. Hartnell, 3:38.4; (440—Ron Stuart, 51.4; 220—Tadd Roberts, 22.6; 880—Don Shaw, 2:01.9.

100—1. Dixon, Ventura, 10:0; 2. Ferguson, Merced, 10:2; 3. Mason, Ventura, 10:2; 4. Bennett Merced, 10:2; 5. Calvin Lee, Hartnell, 10.2.

SOCER NEWS

This Saturday at 2 P.M. the Hartnell Soccer Club will play the U. of Santa Clara Soccer Club at U.S.C.

Last Saturday Hartnell beat M.P.C. by a score of 4-2. The previous week they lost to Modesto by a score of 3-1.

FILM SERIES

Annual Art Film Series of Hartnell presents La Ronde and Hunchback of Notre Dame to be shown April 22 at 7:30 p.m. in the Student Union lounge at Hartnell College. Associated Student Body cardholders will be admitted FREE. Admission fee for all others will be \$1.00.

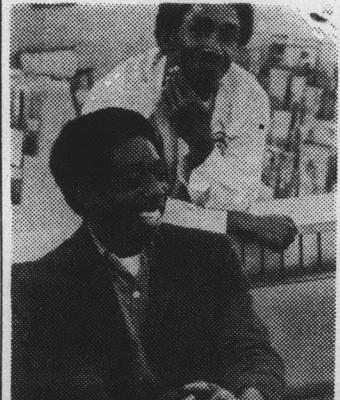

DOUG CLARK

Sophomore President

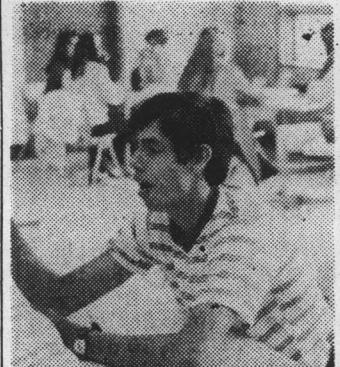

I, Doug Clark, plan to do a complete and thorough job as leader of the sophomore class at Hartnell. I would like to point out, however, that my main interest in running (as I believe is the case of most candidates) is not to benefit the student body of Hartnell. I am primarily interested in the sophomore presidency as a help towards gaining scholarships and acceptance to colleges. I will do as well as any past sophomore president as far as the execution of my duties, but I have little interest in the job other than for my own benefit.

CONFERENCE STANDINGS

	W	L	Pts.
Cabrillo	7	1	14
Monterey Peninsula	7	1	14
Hartnell	3	4	6
Gavilan	3	6	6
Ohlone	2	5	4

■ CALVIN LEE and RON STUART, two of the faster sprinters in the conference, enjoy talking about the Hancock Relays.

■ REGAN TULLY, Hartnell's discus specialist, after winning first in his event in the Hancock Relays.

PANTHERS STROLL HOME

The Panthers again came out on top of a triangular meet by defeating Cabrillo and Gavilan here last Wednesday. Scoring went Hartnell, 104, Cabrillo, 29 and Gavilan, 10.

Lauro Diaz continued his winning ways in the high jump and triple jump with leaps of 6'4" and 46'2½", respectively.

Don Shaw was a double winner in the mile and 880 yard run events. His times were 4:35 and 2:05.4.

Ed Campbell also continued his true form with wins in the 120 high hurdles with 15.6 and intermediate hurdles with 60.3.

Jim Washington's presence was known in the long jump with a bound of 22'3".

Calvin Lee continued to dominate the 100-yard dash with a time of 9.9.

Don Crawford again placed first in the 440-yard run with a time of 51.1.

The Hartnell 440 relay team again outdid their opposition with a time of 43.5. On the relay team are Jim Washington, Kevin Bailey, Calvin Lee and Tad Roberts.

Roberts ran well in the 220-yard dash for a first place in the time of 23.4.

COAST CONFERENCE BASEBALL STATISTICS

Hartnell's baseballers have more top hitting men than any other Conference team in the top 14 averages, after results of April 11.

Tom Elliott is second with an astounding average of .458—nine

percentage points away from the leader.

"Tiny Ted" Lay is third with a rather respectable average of .444. Ted also leads the Conference in stolen bases.

Larry Shepherd is in the number 12 slot with .313. Larry is also the 6th leading pitcher in the Conference.

Charlie Simpson is number 14 in the standings with a very respectable .296.

Pitching

Hartnell's pitching is also represented with Larry Shepherd and Roger Twibell. Larry leads the department of games completed with four. Larry's record is 2-2 and he has 38 strikeouts to his credit.

Roger Twibell's record stands at 1-1 and he has recorded 19 K's.

Vote for Steve Moore

Steve Moore is running for soph representative. Steve is an individual who involves himself in projects and carries a motivating quality that rubs off on anyone who works with him or anyone who observes him.

Steve has established an image and continued to follow through with his convictions with actions that are of a person who is concerned about others. When you go to the polls this 21st and 22nd to vote, remember STEVE MOORE means more action and less apathy.
